COOKIES, MOBILE IDs AND SIMILAR TECHNOLOGIES

We, and our analytics and advertising providers, use cookies, pixels, web beacons, mobile analytics, and advertising IDs (collectively, “digital tracking technologies”). We use digital tracking technologies provided by such vendors and other third parties on our websites, apps, and online services to collect personal information (such as the cookies stored on your browser, the advertising identifier on your mobile device, or the IP address of your device) when you visit our site (or use our app). Further, if you set your browser or device to delete or reject digital tracking technologies, this could affect certain features or services of our website. If you choose to delete or reject all cookies and digital tracking technologies, your settings and preferences, including your choices regarding digital tracking technologies, may be lost or stop functioning. In this instance, you may need to recreate those choices on the individual websites and applications with which you engage.

Additionally, California residents who have provided personal information to a business with which the individual has established a business relationship for personal, family, or household purposes (“California Members”) may request information about whether Costco has disclosed personal information to any third parties for the third parties’ direct marketing purposes. We comply with this law by offering California Members a choice about the disclosure of personal information to third parties for their direct marketing purposes, and you can make or change such choice by following the instructions under “Choice and Control of Personal Information” in this Privacy Notice.

Right to Not Experience Discrimination. You have a right to not be discriminated against for exercising these rights set out in the CCPA.

Use of an Authorized Agent. You may designate an authorized agent to make requests on your behalf to exercise your rights under the CCPA. Before accepting such a request from an agent, we will require the agent to provide proof you have authorized it to act on your behalf, and we may need you to verify your identity directly with us or confirm that you provided the authorized agent permission to submit the request. You must use the Third Party Authorization form available on our website to authorize third parties to make such requests on your behalf.

AUTOMATED LICENSE PLATE RECOGNITION USAGE AND POLICY

We use Automated License Plate Recognition (ALPR) technology to collect information relating to vehicles present on or near some Costco warehouses and facilities. We use this information to detect, prevent, investigate, report and address incidents or illegal activities occurring in or around our warehouses and facilities, to maintain security for our employees, vendors, members and other visitors, and for loss prevention purposes.

Costco restricts access to ALPR technology and ALPR Information to only those Costco personnel with a need-to-know such information for their job requirements. Access is granted to senior management for the warehouse and region where the technology is in use, to our loss prevention and security personnel, and to specific individuals on our procurement team. These personnel receive training in data security and the sensitivity of ALPR Information. Costco's use of ALPR technology is overseen by Costco Corporate Purchasing and the Director for Warehouse Operations.

ALPR Information is not accessible across warehouses and is stored locally on servers subject to Costco’s access control processes and procedures. ALPR Information is password protected, encrypted in transit and storage, and not used for purposes other than those disclosed in this Privacy Notice. Costco takes reasonable measures to ensure accuracy and integrity of the ALPR information it collects, including maintaining access controls and access logs. When using this information in connection with the investigation of an incident, Costco considers all available information, including information from other systems.

ALPR Information is stored for approximately 180 days before it is permanently deleted, unless we need to retain the information for compliance with applicable law, investigation of specific incidents, upon request of law enforcement or other valid legal processes.

Costco may disclose ALPR Information when we believe doing so is necessary to:

- Protect the rights or property of ourselves or others, including detecting, investigating, and reporting suspicious activities to law enforcement;
- Comply with applicable law or respond to legal process requests, including from law enforcement or other government agencies; or
- Protect our Costco companies, our property and inventory, our shoppers, members, employees, or the public.

When ALPR Information is necessary for one of the above purposes, Costco uses reasonable safeguards, including encryption, to secure the transfer of ALPR information. Costco does not sell ALPR Information to third parties.

SECURITY OF PERSONAL INFORMATION

We take what we believe to be reasonable and appropriate steps to help protect personal information from unauthorized access, use, disclosure, alteration, and destruction. Unfortunately, no data transmission or storage system can be guaranteed to be 100% secure, and therefore we are unable to guarantee the security of your personal information. If you have reason to believe that your interaction with us is no longer secure, please let us know (see “Contact Us” below).

CHANGES TO THIS PRIVACY NOTICE

We will update this Privacy Notice when necessary to reflect changes in our Services, how we use personal information, or the applicable law. When we post changes to this Privacy Notice, we will revise the "Last Updated" date at the top of the Privacy Notice. If we make material changes to the Privacy Notice, we will provide notice or obtain consent regarding such changes as may be required by law.
